

Interactive Multi-Target Training System (i-MTTS)

The Interactive Multi-Target Training System (“i-MTTS”) is a fully interactive training system that enables wireless communication allowing each of the i-MTTS targets to “communicate” with each other to engage the shooter in a wide array of training modes, including standalone shooting, steel plate shooting, tactical training/chase the ball, shoot/no shoot, double speed shoot/no shoot, and double tap.

A great advantage of this target is that the user has the ability to arrange them in their own home/classroom in a manner that allows them to train using dynamic movements that they may encounter on the range during competition or during a defensive type scenario.

The i-MTTS targets do not require the use of a computer or app, and run simply off of AAA batteries, which are included. Each base unit also comes with 4 assorted targets, varying in both shape and size. These targets are designed to be used with a SureStrike™ Laser Cartridges (in either red or IR) in the shooter’s own double action pistol, or one of Laser Ammo’s Advanced Laser Training Pistols/Recoil Enabled Training Guns.

New for 2020 is the i-MTTS System controller, offered as a standalone unit or in a combo package as seen below. This System controller serves as a wireless control unit which allows the user to control from a distance their target systems (*). A simple button will rotate between the different training programs, view, scroll and toggle between ‘split time’ and ‘total time’ performance results, set automatic or manual ‘restart, choose ‘random’ or define the delay time for the ‘start signal, define needed ‘hits’ on target, set training program length, set preferred sound and light response, extend targets range, define sub groups, and more...

(*) The new i-MTTS System controller will work only with new i-MTTS that will be sold starting 2020.

Available as:	SKU	MSRP
I-MTTS 1 Pack	i-MTTS-1	\$99.95
I-MTTS 3 Pack	i-MTTS-3	\$199.95
I-MTTS 3 Pack + Controller	i-MTTS 3-1 combo	\$295.00
I-MTTS 5 Pack	i-MTTS-5	\$299.95
I-MTTS Controller	i-MTTS-C	\$110.00
